

Parent Guide

How can I use this with my children?

If you are planning on creating your own wrapping paper designs, or you are looking for a lovely pattern to form part of your Christmas window display, then give this present design activity a try.

How does this help my children's learning?

Design activities are great for giving your child the chance to explore their creativity and imagination, as well as using their planning and forward-thinking skills.

Ideas for further learning:

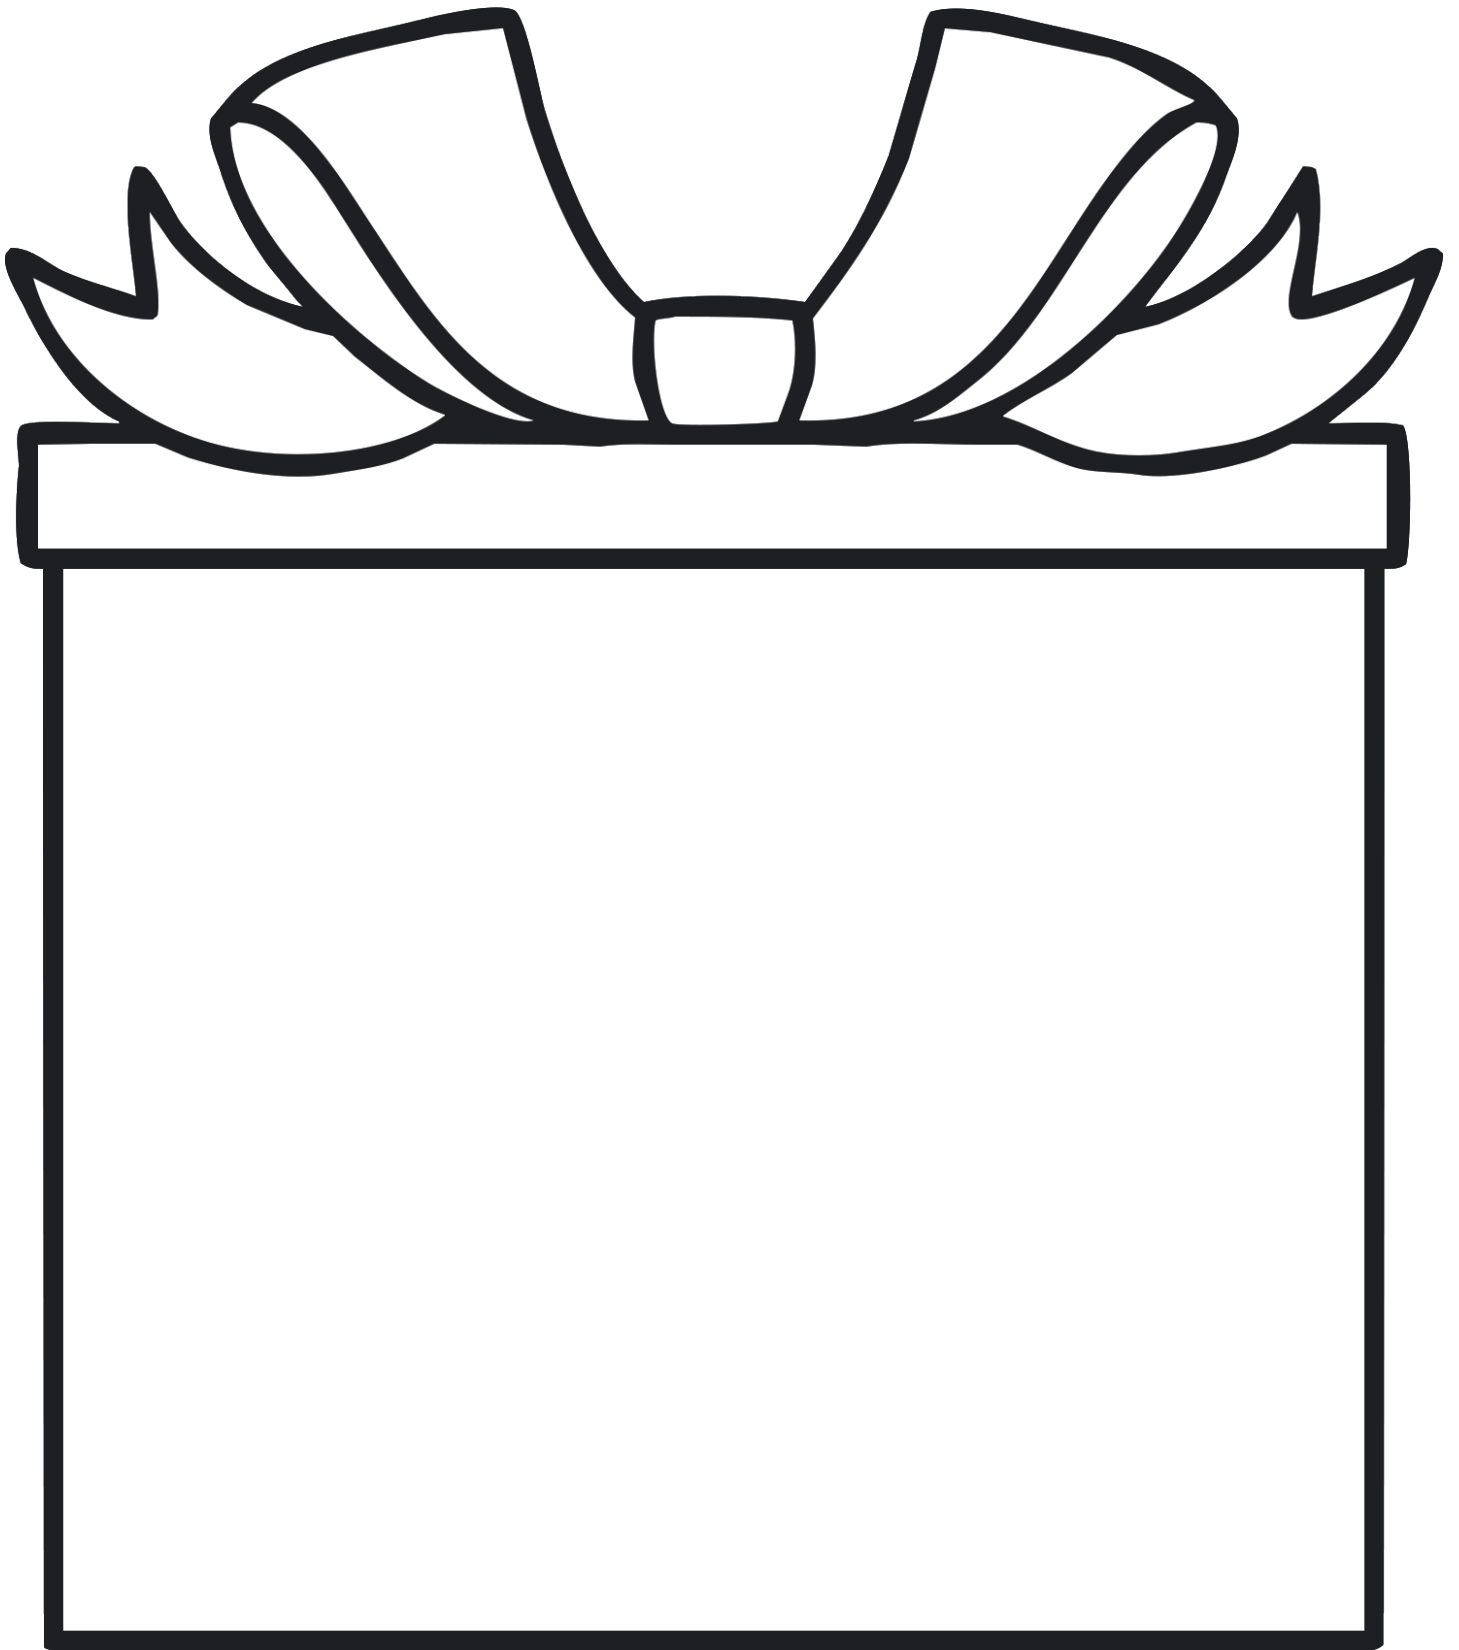

Once your child has designed their own present, could they have a try at creating the design through printing onto brown paper to make their very own wrapping paper?
