

## Lower School (Ash class) School Planning and Home Learning Grid. WC 09.05.2022

### Monday

#### Maths

We are continuing our work on fractions. Watch the video 'Add fractions' (summer term), then complete the worksheet.

#### English

In the next two sessions we are going to create a story map of the story 'The Dark'. We have made story maps before using small pictures/symbols to tell the words. Revisit the story using this link: [https://www.youtube.com/watch?v=LZoM\\_r\\_mlc0](https://www.youtube.com/watch?v=LZoM_r_mlc0) and then do the first half of your map.

#### Times tables

Practice all of these times tables: 2x, 3x, 4x, 5x, 8x, 10x. Mix up some questions and see how fast you can answer them.

#### Mathletics

Complete any outstanding tasks that have been assigned.

#### Spellings

Practice your spellings for week 26

#### Reading

Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling ....

#### PE

Be active at home.

### Tuesday

#### Maths

We are continuing our work on fractions. Watch the video 'Subtract fractions' (summer term), then complete the worksheet.

#### English

Finish off the story map you started yesterday.

#### Times tables

Practice all of these times tables: 2x, 3x, 4x, 5x, 8x, 10x. Mix up some questions and see how fast you can answer them.

#### Mathletics

Complete any outstanding tasks that have been assigned.

#### Spellings

Practice your spellings for week 26

#### Reading

Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling ....

#### Computing

Today we are using Purple Mash to use If statements in our coding. Look through the slides and have a go at the If statements work. If you cannot get this to work, then continue to investigate other features of Purple Mash.

#### PE

Be active at home.

### Wednesday

#### Maths

We are continuing our work on fractions. Watch the video 'Order Fractions' (summer term), then complete the worksheet.

#### English

Today we are going to start to plan our own stories about a fear that a character overcomes. Begin by thinking about the fear that you want your character to overcome. Who are your two characters (include the thing they are afraid of)? Where is your story set? What are the characters like?

#### Times tables

Practice all of these times tables: 2x, 3x, 4x, 5x, 8x, 10x. Mix up some questions and see how fast you can answer them.

#### Mathletics

Complete any outstanding tasks that have been assigned.

#### Spellings

Practice your spellings for week 26

#### Reading

Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling .....

#### Art

We are going to use our shading and texture practise to re-create Laszlo's bedroom from the story The Dark. Draw his room and then use different shading/texture techniques to give the drawing shades of light and dark. Can you make some parts of the room very dark, very light and also a range in between?

## Lower School (Ash class) School Planning and Home Learning Grid. WC 09.05.2022

### Thursday

#### Maths

We are continuing our work on fractions. Watch the video 'Compare Fractions' (summer term), then complete the worksheet.

#### English – Guided Reading

In guided reading, we are starting a new book called 'The Firework Makers Daughter' by Philip Pullman. Read Chapter 3 and then answer the questions.

#### Times tables

Practice all of these times tables: 2x, 3x, 4x, 5x, 8x, 10x. Mix up some questions and see how fast you can answer them.

#### Mathletics

Complete any outstanding tasks that have been assigned.

#### Spellings

Practice your spellings for week 26

#### Reading

Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling ....

#### Science

Today we are learning about electrical insulators and conductors. Look at the insulators and conductors investigation sheet and if you have some materials at home, you could try this. If not, make some predictions about the materials that will allow electricity to pass through them and those that won't. Can you find examples in your home of where insulators and conductors are used?

### Friday

#### Maths

Have a go at the end of unit assessment sheet and see how much progress you have made.

#### English

Finish off your planning. What happens to the characters? How is the fear overcome? How does the story end?

#### Times tables

Practice all of these times tables: 2x, 3x, 4x, 5x, 8x, 10x. Mix up some questions and see how fast you can answer them.

#### Mathletics

Complete any outstanding tasks that have been assigned.

#### Spellings

Get someone to test you on your spellings for week 26

#### Science

With an adult, have a look at the inside of a plug. Notice the different coloured wires and talk about what they do. You could research this as find out more. Have a go at drawing the inside of a plug and clearly labelling each part.

Remember to only look at a plug with an adult and never when something is connected to an electricity supply.
