

Lower School (BIRCH class) School Planning and Home Learning Grid. WC 9.05.2022

<p><u>Monday</u> <u>Maths</u> Have a look at White Rose Year 4 Home learning Summer Term (Money): Convert Pounds and Pence. Watch the video and have a go at the worksheets. https://whiterosemaths.com/homelearning?year=year-4&term=summer</p> <p><u>Times tables</u> Remember how important learning your times tables is. Try chanting, reading, writing out, creating flip cards...being tested.</p> <p><u>Spellings</u> Practise the spellings of the week. Write the meaning of each spelling.</p> <p><u>Reading</u> Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling or how about on Zoom with a Grandparent or close relative?</p> <p><u>English- none due to SATs</u></p> <p><u>Science</u> This week were making circuits at school. Have a look at the note file. A circuit must start and finish at the battery without any breaks. If the circuit has a working light bulb this will light up when the electricity passes through it. Have a look at the drawings and decide whether you think they are complete circuits. When you are back you can check.</p>	<p><u>Tuesday</u> <u>Maths</u> Have a look at White Rose Year 4 Home learning Summer Term (Money): Add Money. Watch the video and have a go at the worksheets. https://whiterosemaths.com/homelearning?year=year-4&term=summer</p> <p><u>Times tables</u> Remember how important learning your times tables is. Try chanting, reading, writing out, creating flip cards...being tested.</p> <p><u>Spellings</u> Practise the spellings of the week. Write the meaning of each spelling.</p> <p><u>Reading</u> Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling or how about on Zoom with a Grandparent or close relative?</p> <p><u>English- none due to SATs</u></p> <p><u>Science</u> In school we will be carrying out an investigation to find out which materials are insulators and conductors. Insulators are materials that do not allow the flow of electricity. Some examples are plastic materials – they might be used to surround a metal so that the electricity from the wires in a plug cannot harm you. Conductors are the materials that allow electricity to flow such as a metal wire. Can you find materials in your house that you think would be an insulator or that would be a conductor. Use the internet to investigate if it helps. https://www.bbc.co.uk/bitesize/topics/zci6yrd/articles/zb6mt39</p> <p>If you have a chance and there is an adult to help, have a look at the inside of a plug. Look at the wires and the fuse. What is a fuse for?</p> <p>Lastly have a look at the pictures on the notebook. Can you see the dangers?</p>	<p><u>Wednesday</u> <u>Maths</u> Have a look at White Rose Year 4 Home learning Summer Term (Money): Subtract. Watch the video and have a go at the worksheets. https://whiterosemaths.com/homelearning?year=year-4&term=summer</p> <p><u>Times tables</u> Remember how important learning your times tables is. Try chanting, reading, writing out, creating flip cards...being tested.</p> <p><u>Spellings</u> Practise the spellings of the week. Can you put them in a sentence?</p> <p><u>Reading</u> Remember to read part of your school book or a book from home every day. You could read to a parent, yourself, a sibling or how about on Zoom with a Grandparent or close relative?</p> <p><u>English- none due to SATs</u></p> <p><u>PE</u> Try searching for a Joe Wicks or Cosmic Yoga. Or just be active in your garden if it is nice.</p> <p><u>RE</u> We have now learnt about how Muslims and how Christians pray. Today, we want to compare this. Watch the clip about how both religions pray again, then complete the sheet. https://www.bbc.co.uk/teach/class-clips-video/religious-studies-ks2-christian-prayer/zbjv92p https://www.bbc.co.uk/teach/class-clips-video/religious-education-ks2-my-life-my-religion-prayer-in-islam/zindxyc</p>
